INFORMATION DISCLOSURE STATEMENT

Sir:

The subject matter of the above-identified U.S. patent application relates to the subject matter of two pending PCT applications. This Information Disclosure Statement includes copies of the Search Reports for the two PCT applications. The references that were cited in the International Search Reports have been listed on the attached copies of Form PTO-1449. Copies of all of the references except the one U.S. patent also are attached. It is believed that the references relate generally to the state-of-the-art described on pages 1-3 of the subject application. The Examiner is requested to consider these references during the examination and to make the references of record.

Respectfully submitted,
